## KNITTING RETREAT IN ITALY MURANO, VENICE

April 19-23, 2022

For our spring knitting retreat we decided to go with beauty and sophistication and so we decided to match Julie Hoover, a great friend and symbol of elegance with the magical setting of Murano, the beautiful island close to Venice famous for its glass artists.

## A Little Bit About Murano

**Murano Island** – A Glassmaker's Paradise since 1291, this tiny Venetian island has been the home of Venice's glassmaking industry. Glass production was moved to Murano Island from the main part of Venice because its production posed quite a fire hazard (Note: the buildings in Venice were constructed mostly of wood at this period in history and the extreme heat that is required to make glass liquid so as to mold and shape it obviously caused the Venetians some concern).

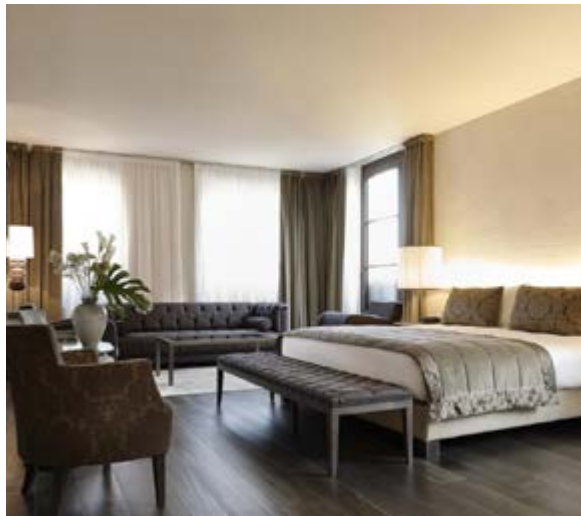

## Accommodation

Set in the heart of Murano and surrounded by the calm waters of the lagoon, Hyatt Centric Murano Venice is your secluded hideaway to start your exploration of Venice and its hidden gems. Set sail to engage on local food and drink adventures to experience the most authentic Venetian vibes.
