mYak KNITTING RETREAT IN ITALY

**A summer knitting retreat in the mountain with Joji Locatelli?
Sign me up!**

For this retreat we decided to take you north to the stunning **Dolomites mountains**, in the small village where Paola grew up and still calls home. This retreat will be dedicated to knitting (of course), walking/hiking and an healthy lifestyle.

Joji will create two exclusive designs and teach two workshops with a day break in between so that you can make good progress on the project you will start on the first day.

We will stay at the **Eco-Hotel Park Hotel Azalea**: a sustainable, welcoming, modern and colorful hotel designed around a philosophy centered on making people feel good. Eco-friendly, 100% plant-based cuisine with organic products at zero km.

We will discover the beauty of the Unesco World Heritage Dolomites, we will visit a farm where we will have a special lab on cheese making, and more. You can go trekking or relax in the gorgeous garden. Good food will not be missing of course!
